Pet Society

Bitter Max®

BITTER MAX® is a non-toxic, extreme bitter spray that deters chewing, biting and licking. With a safe and water-based formula, it protects wounds, sores and bandages avoiding self mutilation and detains furniture and objects destruction. Can be re-applied whenever needed.

Magic Crystal® Shining Fluid

MAGIC CRYSTAL® SHINING FLUID is a finishing spray for professional use that provides extra softness, shine and coat detangling, resulting in an excellent finishing touch. Its formulation contains pearls that provide an extra shine and a different look to pets.

Eye Clean up®

EYE CLEAN UP® is recommended to clean the eye and muzzle region of cats and dogs, removing secretions, dirt and unpleasant odors. Developed only for external use, cannot be used as an eye drop.

Hydra-T®

HYDRA-T® is a high-technology moisturizing solution for cats and dogs, exclusively developed with Wild Pansy Oligossacharides, NMF - Natural Moisturizer Factors (Urea, PCA-Na, Glycerin, Lactic Acid), Hyaluronic Acid and Provitamin B5, that proportionate high moisturizing, hydrating and emollient power to skin and coat parched areas, without leaving a greasy and sticky feel. HYDRA-T® is a new technology in moisturization, that acts like a biological moisturization regulator, maintaining the hydric balance and raising water retention in the skin inner and deep layers, besides detangling and providing softness to the pet's coat.

Oil Redux System® 80g

OIL-REDUX SYSTEM® now in a new and smaller presentation of 2.8 oz (80 g). With a gentle formulation, it was specially developed to remove excessive oiliness from cats and dogs coat, without causing any harm to pets skin or coat.

Stress Away®

STRESS AWAY® is an anti-stress spray containing pure lavender, camomile and lemongrass essential oils. It proportionates pet relaxation, diminishing his response to environment stress. It also helps controlling cats and dogs anxiety, irritability and hyperactivity.
